PARIS, Dec. 6.—Preliminary
peace discussions, according to pre-
sent plans, will begin in Paris on De-
cember 17, with President Wilson
participating. They are expected to
continue for nearly a month.

The formal peace congress, with
the Germans represented, probably
will start January 15. It is es-
timated that the treaty will be signed
in April or May.

NOTED PARIS MUSICIANS ARE HONORED HERE

Under a dozen floating tri-color flags of France, Oakland, citizens gathered last evening at Ye Liberty Playhouse to pay honor to America's republican ally, the occasion being the concert of the French orchestra which is properly known by the name of La Societe des Concerts du Conservatoire.

The size of the audience was all that the fondest dreams of the local committee had pictured. The boxes were occupied to the last chair; the parquet floor no vacant seat, and even the aisles were receptacles for more hungry. The balcony told a similar story.

Outside of its numbers the audience was noticeable for its distinctly democratic quality. It was an audience of the people, all of the people, met to do honor to the representatives of a loved country. There was a generous sprinkling of uniforms, not only American, but British and French as well. French dialogue was constantly to be overheard, for the French colonies of both sides of the bay had poured out to make doubly sure the warmth of the welcome.

BOX PARTIES ENJOY MUSIC:

A number of box parties enjoyed the concert, among those entertaining in this fashion being Mrs. J. P. Dunn, Mrs. Herbert Brown, Mrs. Wallace Alexander, Mrs. Henry Diekmann, Mr. and Mrs. Leon B. Boqueron, Mr. and Mrs. Robert Fitzgerald, Mrs. Ann White, Mrs. Oscar Long, Mrs. Clifford Durant, Mrs. A. A. Moore Jr., Mrs. Norman de Vaux and Mr. and Mrs. J. J. Eccleston.

That the educational nature of the event was generally appreciated was evidenced by the many groups of seniors and other students who attended. Several box parties were composed of young women from Mills College, and other girls' schools and music academies on this side of the bay were similarly represented.

The formal feature of the evening consisted solely in an address of welcome delivered to M. Andre Messager, conductor, and his musicians by Judge Henry A. Melvin. The address of the musicians was the signal for applause which redoubled in enthusiasm when M. Messager and Judge Melvin approached the conductor's dais.

HOLD SIMILAR IDEALS.

"France and America have met before," Judge Melvin said, "where the artillery of democracy and justice boomed a mightier diapason than even this orchestra will play. Once it was when Lafayette led his soldiers to America; more recently it was when America sent her millions to fight side by side with their French brothers. The two countries so long have held similar ideals, so long have fought for them apart and together, that a close spiritual bond has come at last to knit them together."

"It is for this reason that we are glad for tonight's opportunity to pay our respects to France through one of her finest groups of representatives. Art forms the basis for this clasping of hands; one more strong tie for which we are eternally grateful."

M. Messager acknowledged the compliment with a bow and a happy smile. The audience stood throughout the brief address and remained standing until the orchestra had intoned a moving "Star-Spangled Banner."

Completing the recognition of international amity thus given, M. Messager closed his program with "La Marseillaise."

FOR WAR CHARITIES.

The proceeds from last night's concert will be devoted wholly to war charities, this aim being constantly maintained by the orchestra through its tour of the United States. The success of the concert is attributed to the local executive committee, composed of J. J. York, chairman; W. R. Aiberg, Joseph E. Calne, J. Y. Eccleston, A. S. Lavenson, Walter Leimert and Rodney Marchant, and a general committee of

French Orchestra Is Truly French

M. Cortot Extraordinary Pianist

By ROY HARRISON DANFORTH.

We have a number of words that seem to possess a distinctly French connotation yet are neither French nor essentially in etymology. Such are grace, style, propriety, lucidity, spirit. By all the canons of appropriateness, aye, by divine right, these belong to La Societe des Concerts du Conservatoire, which played to a delighted audience last evening at Ye Liberty Playhouse.

There was but this judgment possible at the time: that the orchestra lived up to the very essence of the French nature, was gloriously, successfully.

several score of Oakland, Berkeley and Alameda citizens who assisted.

The orchestra is composed of over four-score musicians and their attitudes, and is now on its first tour to this country. Besides M. Messager, one of the most distinguished contemporary musicians in the world, the orchestra includes many Frenchmen of prominence, prize winners in Conservatoire competitions, professors of that institution, composers and concert artists of high rank.

AS COMPLIMENT TO U. S.

The organization made its American debut at the Metropolitan Opera House in New York on October 15 and has since played through the important cities of the Atlantic coast and the northern group of Middle West and western metropolises. The players go next to Southern California, and next to the South to the Atlantic seaboard.

Their original itinerary included some thirty concerts, though this number was necessarily somewhat reduced because of early delays.

The American tour is conducted and financed by the French High Commission, which is a compliment to the people of the United States.

MAKES CONFESSION.

There were many things J. J. Rosborough wanted to say to members of the French Symphony Orchestra while, as chairman, he was escorting them from San Francisco to Oakland yesterday.

But, he confided to the 600 guests at the luncheon given for the orchestra, it wasn't until after he had reached Oakland that he discovered that many of the musicians spoke English fluently. Then it was too late.

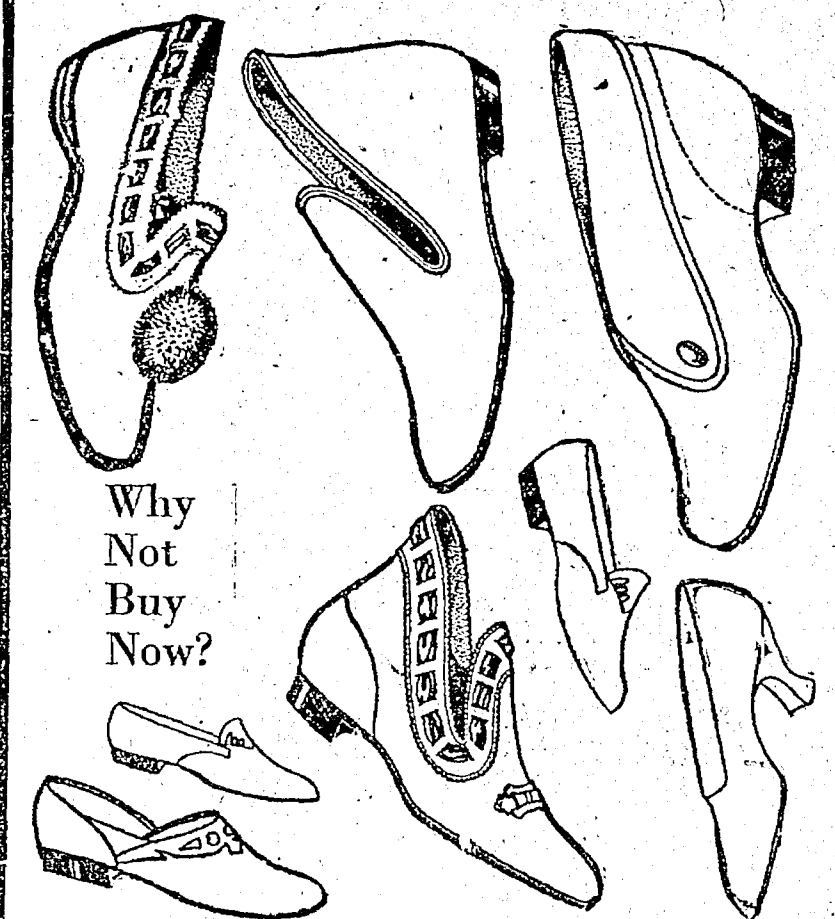

Rosborough opened the after-luncheon speeches with a brief talk and returned E. C. Capwell, chairman.

W. J. McCoy discussed music in general and particularly the necessity of musical education in the American public schools. He called attention to the German method of spreading Teutonic propaganda through their musical organizations and how, prior to America's entrance into the war, a majority of large orchestras in this country were by Germans. McCoy said that he was opposed to the proposition of excluding German music in this country. He said that he believed, however, that all operas, whether in German or any other foreign tongue, should be produced in English here.

heard on this coast and the golden sonority of the brass.

M. Alfred Cortot, piano soloist with the orchestra, won his way in a dozen bars to the heart of every auditor in the house. When he had done with the Chopin concerto, "Andante Spianato et Polonaise," none thought of mercy for him. He must come back and come back, and he did so with greater and greater victory. His playing is marked throughout by an excellent spirit, yet without any paucity of poetical imagination. Bravura passages, which he took at a terrific tempo, nowhere lacked surety or force.

BRITISH NAVY GROWS 35 NEW SHIPS IN WAR

LONDON, Dec. 6. (By British Wireless Press) — Twenty-one ships, including five "hush" ships of 30,000 tons each, have been added to the British navy in the course of the war. This was revealed in an article published in the Times and written by the "hush" ships, so called because of the secrecy attending their construction, are 800 feet long and capable of a speed of from 30 to 35 knots an hour.

The others include two ships of the Iron Duke class; five of the Queen Elizabeth type; five others of slightly less displacement than the Queen Elizabeth, and four which were taken over while under construction for Turkey and Chile.

POLICE EXPLAIN MYSTERY DEATH

That Mrs. May Millson, the woman who committed suicide last Friday night in the "Red Cottage" of "Prince R. C. Pendexter, self-styled 'Hindu Divine Healer,' was in financial straits, and that this was the probable cause of her taking her own life, was declared today by Detective Richard McSorley, following an investigation of the woman's effects. Letters and other things left by her in her room in San Francisco, show that she herself was an astrologer. She was a native of Canada and 40 years old. Her husband died some time ago. She had been in San Francisco about three months. Shortly before the suicide she had taken her trunk out and sold it. Discrepancy between the statements of Dr. Lella Truher, who examined the body at the time, and who is alleged to have said that the woman's revolver was clutched in her left hand, and the statement of Detective 'Pin' Flynn, who says the gun was in her right hand, were discussed by the detective bureau today. Flynn and the detectives explain it by saying that the woman physician was probably 'rattled,' and that several detectives saw the gun in her right hand. A gash in the woman's head, near the bullet hole, was described as a surgeon's cut, made to trace the bullet, is still a mystery, physicians who handled the body stating that they had not made it. Whether a hospital attack had been done it or not is being investigated.

CHARGES DESCRIPTION.
Charging that she was deserted April 25, 1916, Mrs. Helen O. Toreson, formerly of 707 Thirty-sixth avenue, Oakland, filed today a petition in San Francisco for an interlocutory decree of divorce from her husband Walter, formerly employed in the street department of the city of Oakland. They were married in Oakland January 16, 1914.

Hip Vaudeville at Macdonough Starts Sunday

With eight big feature acts, the Macdonough theater will open its winter season of Hippodrome vaudeville Sunday matinee. With "Hip" shows, "Hip" time, and "Hip" prices, the pioneer playhouse will offer to Oakland theater-goers a real, big show for the price of a movie. Leading the bill for the first half-week of Hippodrome vaudeville will be the Lutes Brothers, two perfectly formed men, one of whom was born without arms, offering what is properly termed "Vaudeville's Novelty Sensation." Jack Levy and his four "Symphony Sisters" lead the musical program of the latter act the Boston American says, "they offer one of the best musical turns of the season." The first program also includes the DeBears, in a bit of song and magic; the American Operatic Trio; a marvelous musical act; Frank Rogers, a talented gentleman of color, and Ross and Porter in a real gem of a sketch.—Advertisement.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take
Glass of Salts Before
Eating Breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Drugists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Advertisement.

Teachers Do Share in Combatting Flu

Into Pepitron—The Combination of Pepsin, Nux, Iron, Celery.

This is what makes Pepitron of wonderful therapeutic value, and so successful after influenza, the grip and in blood and nerve troubles, anemia, paleness, nervous weakness, and the exhausting worry and anxiety over the world war.

It is a real iron blood and nerve tonic, especially beneficial in the weakness following the influenza and grip, to worn-out, brain-fagged men, delicate women, school-tired girls and to fast-growing boys, invalids and convalescents, the aged and infirm. It actually puts iron, a natural strengthener, into the blood, and restores the wasted red corpuscles. Your druggist knows its great merit.

The home economics department of the Oakland schools, under the direction of Mrs. L. W. Roberts, reports many activities of the department under her charge for the two weeks during the influenza epidemic.

The auditorium of the Lincoln High School was converted into a temporary dining room in which 324 meals were served to 231 families, some of whose members were stricken with the influenza.

The teachers in the high school domestic art department made 2000 bedside bags for the Red Cross. All teachers in this department gave their entire vacation to the performance of public duties, excepting two, who were confined to their own homes because of influenza.

Miss Signald Borgesson, a teacher in this department, contracted the influenza while working as a nurse at the Day Nursery and died.

ASSAULT SUIT IS STYLED BLACKMAIL

SAN FRANCISCO, Dec. 6.—Following the suit for \$10,000 damages filed by Miss Hallie E. Nestor against Laurence A. MacBride, president of American Asiatic Company, Nestor on a grand larceny charge. He accused her of stealing his watch.

MacBride in her suit accused Nestor of attacking her while they were in a limousine on Pine street.

He behaved like a regular brute," said Miss Nestor, who is a dancer. "He attacked me and made black and blue marks all over my body. He twisted my leg so that I can hardly walk even now."

Miss Nestor alleges in her suit that she was so seriously injured that she will be unable to earn her living as a dancer.

She admitted that she had taken MacBride's watch, but told police that she had done so in order to force MacBride to return three valuable rings, which she alleged, MacBride had given her but had forcibly taken back.

MacBride characterized the suit as blackmail and denied that he had attacked the dancer.

Harry I. Stafford, attorney for MacBride, said:

"This is a pure case of blackmail. The suit was filed with the hope that it would prevent MacBride causing Miss Nestor's arrest on a charge of having stolen his watch."

"It is true that MacBride was with Miss Nestor on the occasion named in the complaint. His wife and several other people, however, were members of the party and no assault was committed."

Lower Prices for Christmas Turkeys

Large receipts of Eastern poultry have reached the markets of the bay cities during the last few days, according to poultry dealers, and prices are declining slightly. Further investigation is being made, dealers report, as to the number of turkeys that will be available for the Christmas holiday trade. Indications at present are that there will be a good supply of turkeys within the next few weeks, and practically all the local dealers are agreed that prices will be lower.

Produce men say that all of the truck gardeners expect the rain to prove a big boon to the farming industry. Since the last rain much plowing and seeding is reported.

Signal Honor Goes to Berkeley Woman

At a meeting of the executive committee of the United Daughters of the Confederacy, Charleston, S. C., Nov. 20, Mrs. Charles L. Trabert of 2736 Elmwood

avenue, Berkeley, was elected registrar general of the organization. This is an honor conferred upon California for the first time by the largest women's organization in the United States. The office has always heretofore been held in the south.

Mrs. Trabert was, for two years, president of the Joseph LeConte chapter of the United Daughters of the Confederacy of Berkeley and for three years was registrar of the California division. Her efficient work in this office had much to do with her appointment to the office in the national society.

Mrs. Trabert is a native of South Carolina, and since taking up her residence in California has been active in the organization. She is also much interested in the Daughters of the American Revolution, having been treasurer of the John Hittedge chapter, Berkeley, since its organization.

This store will be open until 10 P. M. Saturday nights until January 1, 1919. Don't forget that double ZC stamps are given daily up to noon, until further notice.

Beautiful Coats at \$21

The very newest styles and most popular materials are in the coats reduced to sell at \$21 for Saturday only. Pom pom, velours, plush and oxford, some with shawl collars of plush, others with self or kit cone collars. Who would dream of being able to buy a black plush coat for this price? But here it is for tomorrow.

Your Health Depends Upon Your Kidneys

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe Kidney and Liver Remedy was compounded over forty years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its widespread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results. "I wish to say that your remedies have been used in our family for about fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver Remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver."—Florence E. Schmidt, R. F. D., No. 1, Dunsmuir, O. Sold by leading druggists everywhere. Sample sent on receipt of ten cents. Will Makes Widow His Only Legatee

Litigation over the estate of George H. Vernon, who at his death in 1917 was supposed to have left no will, took

on a new angle today when a will was discovered, in which she is made the sole legatee, and which provided that the children were purposely disinherited. Besides the administratrix, the children are Howard K. and George R. Vernon. The estate is appraised at worth \$6000.

FIGHTS BEING HELD ON AUTO CRIME CHARGE

Leslie Lewis, electrician employed by the school department, accused of driving away in his automobile after an accident in which he struck a second machine and in which R. A. Burns, a flagman for the Key Route at Twenty-second and San Pablo avenue, was killed, was placed on preliminary examination today in the police court of Judge Mortimer Smith. The case, which was carried over, was the hardest fought one in years in the local police court. Former District Attorney W. H. L. Dwyer, defending Lewis, battled against every item of evidence introduced by Prosecution Attorney Fred Donahue. It was held immaterial that a man was present in the accident, so far as the present charge was concerned, and Lewis' alleged intoxication was not allowed to go into the record, the sole point to be established being that, after the accident, he drove away without rendering aid to the other machine. This, according to the contention of Prosecution Attorney Donahue, is a felony, tryable in the Superior court. In the Superior court the prosecution, the other facts will be brought out.

Dwyer objected to introduction into the record of the fact that the two cars had collided, when this was testified to by Dave McLaughlin, recent candidate for county treasurer, who saw the accident from the train, because McLaughlin had lost sight of the car for an instant. This was overruled, netting Donahue his first point. The testimony of Policeman Frank Rosick further established this. Rosick testified that they saw the machine in which Lewis was riding drive away.

The case was laid over to this afternoon for further evidence tending to prove this one point.

Lewis, who faces dismissal from the city employ because of the accident, was denied a leave of absence by the Civil Service Commission, asked for at the beginning of the trial. The court proceedings will be placed before the Civil Service Board.

The police charge that Lewis, driving the school department auto, not on official business, and while under the influence of liquor, ran into another machine in an attempt to cut across the Key Route tracks ahead of a train, and that the flagman was run down and killed trying to halt him. The specific charge placed against him, that of failing to render aid after an accident, is a felony.

Harold Rutley, son of Byron Rutley, a well-known local merchant, has just written his mother from Camp Lee, Va. He tells of the fine Thanksgiving dinner that was served at the camp and how much the men enjoyed it. Rutley tells how glad he will be to return to California and assures his mother that he will not waste any time in heading for the coast when he is mustered out. He writes in part:

"I have just received some pictures from Camp Mills and a marked map so you can find my barracks. The map will give you some idea of the size of the camp. The barracks and accommodations are fine. It is like living again. We have had a real hard steady rain today, but the ground is being sandy the water soaks in very fast. We enjoyed the holiday indoors. We did not mind that a bit after our strenuous trip."

"Tonight another big bunch of kids that were from Camp Mills marched by. They are evidently what was the permanent outfit at Camp Mills, because they were campaign hats and were not equipped for overseas like us. We are trying to figure what they will wear, whether they will help in demobilizing or vice versa. I feel pretty sure that I can send you a wire soon saying: 'I'm on my way; then it won't take me long.'"

Today's rain probably will continue until some time tomorrow afternoon, according to Forecaster T. Francis Drake, following an observation at 5 o'clock this morning.

A southerly wind was changing to northwest, according to the Mt. Tamalpais observer, with indications that the weather may clear in the bay district, the storm moving south into southern California. The precipitation thus far recorded since September 1 is a total of 3.36 as against a normal of 4.5 inches, with indications that at least ten inches total will fall by January 1, and should put the ground in ideal condition for early plowing and planting, according to Department of Agriculture experts.

U. C. Savant Goes to Peace Conference
Chosen by Secretary of State Robert Lansing as a member of President Wilson's advisory committee at the peace conference to be held at Versailles next month, Dr. Edward Thomas Williams, Agassiz professor of Oriental languages at the University of California, returned from throughout this country as the highest authority on the Far East, will leave tomorrow morning for Washington, D. C., to sail immediately for Europe.

Dr. Williams, who is the only Western man included in the advisory committee, was former chief of the division of Far Eastern affairs in Washington, being called there from Peking four years ago, when he was secretary of the American legation. His wide knowledge of diplomatic relations in China and the Far East, dating over a period of thirty years, caused him to be selected to give counsel as to what constitutes fair treatment for the Oriental nations.

New Revelations of a Wife starts soon in The TRIBUNE.

ASKS 6 MONTHS, BUT JUDGE CUTS IT TO 60 DAYS

Joseph W. Harris, Oakland photographer, will spend the next sixty days in the county jail, and he sought the sentence himself. In fact, Joseph wanted six months imposed, but Judge Edgar of Berkeley thought sixty days enough to achieve reformation. Somehow Joseph reached Berkeley and what happened there is known only to himself, but he made his way to Judge Edgar's courtroom and asked for "six months so I can sober up." He began the process at once.

Scandinavian Branch Will Hold Meetings

A special meeting will be held at the Scandinavian branch of the Salvation Army, 529 Broadway, Saturday night at 8 o'clock. Staff Captain W. Carlsson from Seattle will have charge of the meeting. A program of song and music will be given. After the meeting the Sewing Society will have a "sale of goods." Tuesday evening the staff captain, assisted by the officers from San Francisco and Oakland, will conduct a meeting in the Swedish Free church in Berkeley. All Scandinavian friends are invited attend these meetings.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL

Girls! Draw a Cloth Through Your Hair and Double Its Beauty

Spends a Few Cents; Dandruff Vanishes and Hairs Stop Coming Out

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderuff.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knovlon's Danderuff now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderuff, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderuff and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this—Advertisement.

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by means get rid of dandruff, for it will surely destroy your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only way to get rid of dandruff is to dissolve it, then you can destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use it to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails—Advertisement.

STORM OF RAIN TO MOVE SOUTH

Today's rain probably will continue until some time tomorrow afternoon, according to Forecaster T. Francis Drake, following an observation at 5 o'clock this morning.

Red Cross Notes

Christmas means opportunity to the Red Cross Shops everywhere. Oakland shoppers who overlook the treasures which the "thirteenth street store" has will miss an opportunity. Exquisite bits of jewelry, bric-a-brac, bits of old lace, satins, brocades, novelties of every sort, have been sacrificed by their proud possessors to swell the funds of the Red Cross in the big work which faces it now that the booming of guns has ceased.

Again, if there is some piece of precious metal, a jewel, copper, brassy or bronze, furniture—anything you can do without and which will tempt the holiday shopper, send it in to the patriotic workers. This is salvage week, too. Sunday the basement store room will be kept open to receive all the rags, bottles, sacks, paper, etc., that the careful housewife is well rid of. It all helps.

A doll show and sale of seventy beautifully dressed dolls is announced for Saturday by the Red Cross Shop of South Berkeley, which is getting ready to supply all the wants of the holiday shopper. A Santa Claus and a Christmas tree will be Saturday's features. Each afternoon hereafter tea will be served in the South Berkeley nook in an endeavor to make the place a community center. The business, despite the epidemic, sent in \$250 to Berkeley chapter, Red Cross, last month.

Mrs. George Webb, director, is sending out an appeal for new stock—anything which may prove attractive to

shoppers, including jewelry, bric-a-brac, lace, furniture, clothing, millinery, shoes, etc. Donors are asked to respond promptly with their contributions to the holiday stock.

With 3000 garments distributed among the auxiliaries of Oakland still out, the Red Cross is sending an appeal for their immediate return. The Pacific division is in great need of clothing for boys. Oakland's stock should have been finished by November 1. An extension was granted because of the epidemic. Now, however, it is expected that the sewing will be completed at once. Some 200 unmade garments yet remain at the Broadway headquarters. It is urged that women do not permit even the approach of the holiday season to interfere with volunteer work for the Red Cross.

Six hundred copies of the book entitled "Red Cross Stories for Children," by George Faulkner, are on hand in the warehouse of the Pacific division and may be obtained by chapters and individuals.

LINEN SHOWER FOR FRANCE ON

Oakland's linen shower for France is on. Every household in the city is being visited this week by Miss Frances Redman and her staff to explain to the women why France is needing their assistance and why from her individual linen chest she who has so much can take a piece or so to give to her who has not any. Oakland Chapter, American Red Cross, was given a large quota to collect, and Miss Redman promises that before her workers are finished it will be more than realized.

Those who are assisting her as majors in the city-wide canvass are:

Mrs. Oscar Sutor, Mrs. W. R. Chamberlain, Mrs. Edith McDonald, Mrs. C. W. Drennon, Miss Mabel R. Spaulding, Mrs. D. A. Silvers, Mrs. E. G. Bower, Mrs. E. D. Voice, Mrs. G. T. Gamble, Mrs. E. F. Plan to Electrify S. P. Road Outlined

REDDING, Dec. 6.—Southern Pacific engineers today outlined proposals for a great development of power in the Pitt river. The object will be to electrify the railroad. Two dam sites have been decided on. One is three miles upstream from Copper City and the other twelve miles higher up. Dams 200 feet high will be constructed on railroad land.

SAYS CHANGE HAS BEEN WONDERFUL

Kavanaugh Eats Better, Sleeps Better and Works Better After Taking Tanlac

"Well, it's just like my father says," remarked Frank Kavanaugh, a machinist for the Bethlehem Shipbuilding Company, living at 20 Wright st., San Francisco, recently. "When I was just him why he takes Tanlac he says, 'Ah, it makes me eat more and feel better, and that's just the way I've found it myself.'"

"After the San Francisco fire," he continued, "I was operated on for appendicitis and not being able to get my weight and strength back I was unable to work for a whole year. Finally after a long time, I got to where I could go to work and my weight ran up to one hundred and fifty-six pounds but soon dropped back to one hundred and forty. I can't say that I was sick except that I felt nervous and shaky all the time. I have been working ten and eleven hours a day, on the night shift, since the war started and not beginning to feel pretty well knocked out. I hadn't the appetite I should have had, slept poorly and just had that tired worn-out feeling all the time."

"So I decided I would have to get something, if possible, to get me right and build me up and Tanlac is doing that very thing. I have taken four bottles now and there is certainly has been a wonderful change in me already. It sure is putting the weight on me for I have already put on ten pounds and that proves to my mind that Tanlac is something unusual, as I have been working hard at the time. And sleep, why I get to bed at two o'clock in the mornings and am dead to the world until noon, then I get up as hungry as a bear. I can hardly get enough to eat and have so much more strength and energy that I can do my work without getting all tired out. I did before. I used to be bothered a great deal with constipation, but now I'm not troubled the least. I feel that respect, and am just like a different person. I am more than glad to recommend Tanlac because it does the work."

Tanlac is sold in San Francisco and Oakland by The Owl Drug Company Stores.—Advertisement.

Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since then I have been working hard and my health has been good," writes Mrs. M. P. Harwood, Auburn, N. Y. Low Meat Prices vs. High Cattle Prices

If the farmer cannot get enough for his live stock, he raises less, and the packer gets less raw material.

If the consumer has to pay too much for his meat, he eats less of it, and the packer finds his market decreased.

The packer wants the producer to get enough to make live-stock raising profitable, and he wants the price of meat so low that everyone will eat it.

But all he can do, and what he would have to do in any case to stay in business, is to keep down the cost of processing the farmer's stock into meat so that the consumer pays for the meat and by-products only a little more than the farmer gets for his animals.

For example, last year Swift & Company paid for its cattle about 90 per cent of what it got for meat and by-products (such as hides, tallow, oils, etc.)

If cattle from the farm were turned miraculously into meat in the hands of retailers (without going through the expense of dressing, shipping and marketing), the farmer would get only about 1 1/2 cents per pound more for his cattle, or consumers would pay only about 2 1/4 cents per pound less for their beef!

Out of this cent or two per pound, Swift & Company pays for the operation of extensive plants, pays freight on meats, operates refrigerator cars, maintains branch houses, and in most cases, delivers to retailers all over the United States. The profit amounts to only a fraction of a cent, and a part of this profit goes to build more plants, to give better service, and to increase the company's usefulness to the country.

IRONWORKERS DIVIDE OVER LOCAL ACTION

Differences of policy, jurisdiction and government, which for some months past have created a breach between the leaders of the Iron Trades Council on the San Francisco side of the bay and the officials of the Oakland Boilermakers' and Iron Shipbuilders' Union, have culminated in a definite break, due to the threat of the council to expel the local boilermakers unless their striking members return to work at the Alameda plant of the Bethlehem Shipbuilding Corporation before next Monday morning.

The boilermakers vote to continue on strike, the vote having been taken at the meeting of the union last Wednesday night. Upon being informed of this action Robert Burton, president of the Iron Trades Council, gave out the following statement:

"The action of the Oakland Boilermakers' Union, Local 233, in voting to withdraw from the Iron Trades Council, will not alter in any way the action of the council calling for their expulsion unless they are back at work Monday morning and agree to comply with all the laws and rules of the council."

"Their strike is in no way a legal strike, according to the laws of their international union or of the Iron Trades Council, and it is absolutely against all the laws of the organized labor movement."

H. Wolff, secretary of the local Boilermakers' Union, in commenting on the Burton statement, said:

"Our union is not concerned with what Mr. Burton or the Iron Trades Council of San Francisco may or may not do. We have for some time past been arranging to withdraw from that organization, and its attitude toward our striking members has brought the matter to a head."

"Approximately two-thirds of the membership of the San Francisco bay district Iron Trades Council is represented by the employees in Eastbay shipyards, and the membership on this side of the bay is continually increasing. With the balance of membership power resting in the Eastbay district it is no more than right that the governing power should also rest here. The action of the Iron Trades Council of San Francisco in ordering our striking members to return to work under threat of expulsion for failure to do so, has given additional momentum to the movement for organizing a Metal Trades Council here."

Confession May Involve Many Theo. Roche Belittles 'Disclosures'

SAN FRANCISCO, Dec. 6.—The federal court will be called upon to decide whether or not Theodore J. Roche, an attorney, will have to surrender to the United States grand jury a document written by B. H. von Schack and believed to contain a confession of the activities of German-Hindu plots on this coast. It is also believed that the papers contain the names of all those involved in the plots and that should they come into the possession of the grand jury many indictments will follow.

However high expectations may be in certain quarters that the making public of the contents of the papers will bring to light names not heretofore mentioned in connection with the various German propaganda cases, Attorney Roche asserts that there is nothing to be disclosed and that the possession of the papers is a subject that has no other interest than a decision of a legal question, so far as he is concerned.

NOT HOSTILE AOE.
In explaining the fact that he, with Warren Olney Jr., of McCutcheon, Olney and Willard, had been subpoenaed to bring these papers before the federal grand jury today, Roche said:

"This subpoena was not a hostile act on the part of the war attorney, Mr. John W. Preston. As a matter of fact the matter is not one for the consideration of the grand jury and the subpoena, which was returnable last Tuesday, was withdrawn and the matter of the ultimate disposition of these documents is to be determined in an appropriate proceeding before some federal judge. The facts are these:

"Mr. Olney and myself were retained early in 1916 to defend the Americans involved in the steamship Sacramento case. At this time I represented Von Schack, Franz Bopp and others in the Hindu Ghadr case, upon which they had already been indicted. Some time after my being retained Von Schack was indicted in the Sacramento case and turned over to me two envelopes, he being interned at the time and upon examination I found one to contain suggestions as to his defense in the Hindu Ghadr case and the other and larger envelope related to the Sacramento matter. At the time the Baron was laboring under the delusion that he was to be assassinated by a German agent and in the event of such a contingency he in retaliation, wished the Sacramento papers to be turned over to Mr. Preston. Their value is not to be measured in terms of money, but in the prosecution of the Sacramento case is concerned, but I took the envelope and during the Hindu trial learned of the raid on the offices of Attorney Gustav Gutsch."

SUBJECT OF CONFERENCE.
"I then determined to have my skirts clear and discharged this office as attorneys for the defense of any further indictment against Von Schack, Bopp and the others. Von Schack then retained Attorney Black to represent him in the Sacramento case. Black desired that the Sacramento envelope be turned over to him. The matter was the subject of a conference between Mr. Black, Mr. Preston and myself, and it was finally decided to submit the matter to a federal judge for a decision as to who should receive it, the government or Attorney Black. I have written to Mr. Black, recommending asking the Baron to permit me to turn the papers over to Mr. Preston. He has thus far refused and since some decision is necessary with the rapid approach of the trial, which is set for next week in the Sacramento case, a federal judge will decide for him. The documents contain no references to any other defendants not heretofore named in the Hindu Ghadr Sacramento cases and were the letters as important as is alleged, their custody would have been determined long ago."

Fear of death, possibly from violence, led Von Schack to write his confession. Knowledge that such document was in existence came to the federal officials when, under a search warrant, they raided the offices of Gustav Gutsch, former attorney for the German consulate. They found this letter:

"SAN FRANCISCO (Cal.), February 6, 1917.—Theodore J. Roche, Attorney at Law, San Francisco, Cal.—Dear Sir: I have heretofore handed to you, subject to my instructions, two packages or envelopes, sealed with my private seal, the larger one of which, as you know, contains papers relating to the 'Sacramento case.' You are hereby instructed, pursuant to said trust, in the event of my death, immediately to deliver the said larger package to the United States District Attorney at San Francisco, Cal. Yours, etc., E. H. VON SCHACK."

Besides the promise held forth in the possibility that the Von Schack papers may make startling disclosures, additional details of the German plots and machinations are made public in a publication of documents written by Lieutenant Wilhelm von Brincken, formerly military attaché at the German consulate in San Francisco.

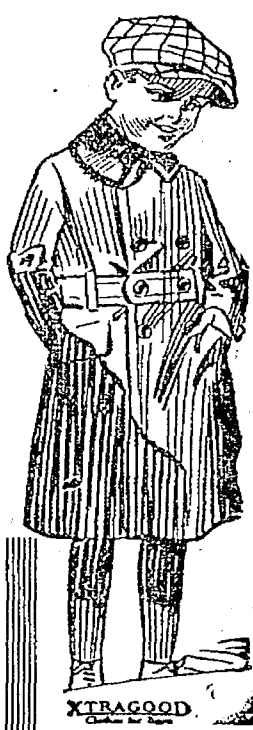

PUBLISHED IN BOOK.
Von Brincken's share in the conspiracies is shown in documents taken from the files of the Department of Justice and published in book form under the title, "Fifth Germany's Spies." The book is written by French Strother, with the approval of the Department of Justice.

In 1916, Von Brincken wrote a letter to his father in Germany saying that he was head of the Hindu-Germany conspiracy here and was confiding in the testimony of Franz Bopp, the German consul general. He hoped to get the letter to Germany on the submarine Deutschland, but it was intercepted by federal agents. Von Brincken wrote:

"My Dear Father: At last an opportunity presents itself to send an uncensored letter to all of you. May the carrier, Germany's pride, have a happy voyage and reach the home shore unscathed."

"As you know, I am the head and organizer of the Hindu Nationalists on the Pacific. Revolutionary and propaganda work costs money—much money. Berlin knows that and does not economize. The consul general is also under instructions to support the movement to the best of his ability and to further it financially. However, there is a shortcoming in this respect. Whenever money is urgently needed and I report to that effect, I invariably meet with the same opposition."

"In ninety-nine cases out of a hundred the required amount is refused. As a result the work suffers, is delayed, good opportunities are missed and my people—the Hindus—are frequently exposed to danger of their lives. Just how many fell into the hands of the English and were hanged, owing to unnecessary lack of funds, is, of course, wholly beyond our calculation. The 'old man' evidently dislikes this type of work, and, therefore, has not understanding of it."

ISSUE OF INSIDE INN STOCK CUT

Six hundred thousand shares of the Inside Inn Company of exposition fame have been cancelled by a decision of Judge McConnel, who heard the case in the Alameda county Superior Court, leaving 900,000 shares to participate in the distribution of the profits. The profits are represented by \$150,000 now on deposit in the Seaboard National Bank in San Francisco.

The cancelled shares were held principally by E. W. McConnell, of Berkeley, promoter of the concession, and the decision means that the bulk of his profits are wiped off the slate.

According to the testimony McConnell secured the concession for the hotel and sold it to the hotel company, subsequently organized, for 40 per cent of the company's stock. Of the 600,000 shares so received he gave 350,000 shares to a group of capitalists who financed the building, as bonus stock. A group of fifty small shareholders sued to have this 400,000 shares cancelled alleging that it represented promotion stock and was not entitled to participation in the profits. It was claimed that McConnell made heavy profits in commissions on the sale of the remainder of the stock.

The company was capitalized for \$1,500,000 and the total revenue was \$700,000.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of acid. In irritated digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. They lay aside all digestive aids and instead get from any drugstore a few ounces of Blaud's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Blaud's Magnesia (in powder or tablet form—never liquid or pills) is harmless to the stomach, inexpensive to take and is the most efficient form of natural stomach aid purposes. It is used by thousands of people who enjoy their meal with no more fear of indigestion—Advertisement.

SPANISH INFLUENZA—WHAT IT IS AND HOW IT SHOULD BE TREATED

Nothing New—Simply the Old Grip, or la Grippe, That Was Epidemic in 1889-90, Only Then It Came From Russia By Way of France and This Time By Way of Spain.

Go to Bed and Stay Quiet—
Take a Laxative—Eat Plenty of Nourishing Food—Keep Up Your Strength—Nature Is the Only "Cure."

ALWAYS CALL A DOCTOR

NO OCCASION FOR PANIC.
Spanish Influenza, which appeared in Spain in May, has all the appearance of grip or la grippe, which has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Beginning with 1831, this country has had five epidemics, the last in 1889-90.

There is no occasion for panic—influenza itself has a very low percentage of fatalities—not over one death out of every four hundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

THE SYMPTOMS.
Grip, or influenza, as it is now called, usually begins with a chill, followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mucous membrane, or lining of the air passages—nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsillitis, and frequently all the appearances of a severe head cold.

THE TREATMENT.
Go to bed at the first symptoms, not only for your own sake, but to avoid spreading the disease to others—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Quinine, Aspirin or Dover's Powder, etc., may be administered by the physician's directions to relieve the aching. But there is no cure or specific for influenza—the disease must run its course. Nature herself will throw off the attack if only you keep up your strength. The chief danger lies in the complications which may arise. Influenza so weakens the bodily resistance that there is danger of pneumonia or bronchitis developing, and sometimes inflammation of the middle ear, or heart

HOW TO AVOID THE DISEASE.
Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds—which means avoiding crowds—common drinking cups, towels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS.
Above all, keep free from colds, as colds irritate the lining of the air passages and render them more breeding places for the germs. Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half full of boiling water, put in half teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubeb, etc., so that when the salve is applied to the body, these ingredients are liberated in the form of vapors.

VapoRub is comparatively new in New York state and New England and a few western states, where it is just now being introduced, but in other sections of the country it is the standard home remedy in more than a million homes for all forms of cold troubles. Over six million jars were sold last year. It is particularly recommended for the croup or colds of children, is externally applied and therefore can be used as freely as desired without the slightest harmful effects. VapoRub can be had in three sizes at all druggists.—Advertisement.

HOW TO FIGHT SPANISH INFLUENZA

Avoid crowds, coughs and colds, but fear rather germs than Germans. Keep the system in good order, take plenty of exercise in the fresh air and practise cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armor against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wear warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous matter. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his "Ironie" (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a free page. "Ironie" is just as good as Dr. Pierce's other medicines.

I am Sincere! Stop Calomel!

I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Live up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel cranks into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping. Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone each night. Your druggist will tell you a bottle of Dodson's Liver Tone for a few cents under my personal

money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular. Dodson's Liver Tone is entirely vegetable, therefore harmless and can not sicken. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Advertisement.

CHANGES DUE IN CITY AND COUNTY JOBS

As a result of the November election there will be many changes the first of the year. Among the official employees at the county courthouse and the hall of records, and a number at the city hall.

M. J. Kelly voluntarily retires as county treasurer after serving six months official for twelve years and ten months. He was appointed to serve an unexpired term of W. Feider and was re-elected three times. Kelly retires with the confidence and good will of his fellow-citizens.

"No, I am not out of politics," said Kelly today, "but I think I have earned a little rest. I have been on the firing line for many years and during the greater part of that time I have been fighting the battles of others. I shall take a little rest in the game, and you may be sure that I shall always help my friends whenever it is possible for me to do so."

Kelly has been and is a unique figure in California politics. He has the reputation of never having failed to keep a promise. Most of his activity has consisted in helping others. During the last primary campaign he was one of the local Republican leaders openly active for Governor Stephens.

J. H. Clay, county assessor-elect, says that he wishes he could serve in order to take care of the applicants for positions under him. Clay will probably take with him from the city auditor's office the interest of his deputy, Lou Kennedy. Kennedy will get one of the places now held by Thomas M. Robinson or J. C. Hiedmark, the former being assistant assessor and the latter chief deputy. Robinson has been in the county assessor's office for thirty-eight years. His father, Dr. Robinson, was the first assessor of the county. Hiedmark has served as chief deputy fourteen years. Both men are experts in their line and probably will be replaced because of their loyalty to Joseph M. Kelly, who failed of re-election. Clay has about fifty appointments. He says he does not intend to remove any of the present employees in his office but that he will get along with about ten less than did his predecessor.

As the county clerk, sheriff, recorder, tax collector, auditor, surveyor, school superintendent, he expects to be re-elected, there will be few if any changes in the employees of these offices.

County Treasurer-elect Foss has not yet made known to whom he will give his appointments. He has four places. It is rumored that a Berkeley resident will be chosen to fill the vacancy caused by the resignation of Foss as supervisor in the Fifth district. Governor Stephens makes the appointment. Numerous candidates have been mentioned, among them George P. Baxter, E. H. Fenderson, Charles D. Heywood and Redmond C. Staats.

The appointment of Judge W. H. Waste as presiding judge of one of the new divisions of the Appellate Court will leave a vacancy on the Superior bench. Judge Waste is now at Chicago, where he is awaiting word from the governor, as the appointment may be made any day. Judge Quinn, who was recently defeated for re-election, will be an applicant for the place. Edward J. Tyrrell is also prominently mentioned. He has served as state dictator and was Republican floor leader of the senate during the last session of the legislature. Senator Tyrrell was a candidate at the time of the appointment of Quinn.

One Violet Not Enough For Meal Wife Sues; Tells of Dew Baths

Violets, gin and dew baths in the nude, mingle in the mystic cult of the "Mazdaznan," a society which has for some time past flourished in Oakland, San Francisco, Los Angeles and other places, according to Mrs. Cora R. Remstedt of San Francisco. In her suit for divorce she alleges that her husband, under the influence of Ottoman Zar Adusht Hanish, head of the cult, so deported himself under "mystical" treatment that she could no longer live with him.

Mrs. Remstedt objects to eating a violet for breakfast instead of ham and eggs. She doesn't like dew baths in the nude and she doesn't like the "hot oil treatment" in which "Doctor" Hanish punches the patient's skin and applies hot oil.

OBJECTS TO THE GIN. She says that the "gin treatment," in which her husband was told to consume gin until he became unconscious, wasn't good for him.

and Koford, but was ineligible at that time because of his office in the State Senate.

J. A. Hill, public administrator-elect, it is declared, will appoint the firm of Dunn, White & Alken as his attorneys.

She charges that some of the "Mazdaznan" under the gin treatment, developed delirium tremens. Furthermore, she says, her husband paid "Dr." Hanish \$5 for every consultation and her husband had no money left to buy her clothing. All these allegations are contained in her divorce cross-complaint filed in the San Francisco Superior Court. Mrs. Remstedt says she will sue Hanish and his "Mazdaznan Society" had such an influence on her husband as to make him their "slave." And her husband, she says, tried to make her follow their mystic rules.

"RULES FOR HEALTH." Here is their morning formula for health, according to the complaint: Take a dew bath in the nude. Eat a violet. Go forth and smile in the sunshine.

"I did not take dew baths and I realize more, that a violet for breakfast," says Mrs. Remstedt. "The nervous strain of it all made me sick. Hanish made my husband take the gin treatment."

Then she charges in her complaint, Hanish sent her husband to Stockton to live and sent him a woman known as "Mother Hor-tense," one of the cult, to keep him

company. They are there now, she avers.

Details of the ritual of the "mystic" society are described by Mrs. Remstedt. She says that Hanish enters the hall in long robes and the cultists bow before him singing, "Hail, the Holy Master Comes." Hanish, who is said to be in Los Angeles, had about 200 followers about the bay, according to Mrs. Remstedt.

Mrs. Remstedt, before her marriage in 1914 to Thomas Remstedt, was Miss Cora Thomas of 1379 Eighth street, San Francisco.

There is a branch of the Mazdaznan Society at 1750 Clay street, San Francisco, at which Oakland and San Francisco members meet. Mrs. Remstedt blames Hanish for separating herself and her husband, and says she will take legal action against him for this.

Plans Mature for Benefit to Pastor

Plans are under way for the Christmas whist party and dance to be given in the Knights of Columbus Hall, Thirteenth and Grove streets, for the benefit of Rev. E. Maher, newly appointed pastor of St. Mary's church, Oakland.

Arrangements have been made for over 100 tables. There will be a vaudeville program to be followed by dancing at the conclusion of the whist game.

The following committees are taking charge of the affair: General arrangements committee, George V. Nolan, chairman; Thomas O'Brien, Anna C. May, Nora Lydon, grand president of the Young Ladies' Institute; James O'Brien, Mrs. J. Plaine, Mrs. J. J. Carroll, J. P. Kenny, Miss M. Blanche Steele, secretary, and Miss Bernice Steele, treasurer.

Award committee, Mrs. H. H. Ryan, Miss Kate Costello, Mrs. J. J. Carroll, Mrs. Mary Steele, Mrs. M. Scully, Miss Lucille Brain, Miss Ella Flynn, Frank Duffy, Miss Delphine Kenney, Miss Louise Schae-

rick, Miss Ella Lenane, Miss Rose Hayes, Miss Daisy Keller. Oakland Institute, No. 15, of which Father Maher was formerly chaplain, is also working hard for the success of the affair.

Civil War Women to Meet Wednesday

Women and girl workers of the Civil War meet at Memorial hall in the City Hall next Wednesday at 2 p. m. A well-attended meeting was held by these workers a few days ago. Mrs. Sarah H. Wilson, founder of the order, and others gave talks and Mrs. Crowhurst and Mrs. Anna Cannon recited poems. Commander Andrews of Ohio told of his personal experiences with Lincoln, Red Cross and relief work done by the organization reviewed. The death of two members since the last meeting were reported, and it was stated that several of the members are ill.

A Professor of Medicine on Internal Baths

Dr. J. B. L. Cascade, M.D., Professor of Medicine, writes Dr. Charles A. Tyrell of New York as follows: "I can truthfully say that I have had the very best results in my experience with the 'J. B. L. Cascade.' You certainly have struck the key note of many diseases." "By means of the 'J. B. L. Cascade' simple warm water cleanses the lower intestine, the entire length, removes all the poisonous waste therein, and keeps it clean and pure, as nature demands it shall be for perfect health. "You will be astonished at your feelings the morning after taking an internal bath with the 'J. B. L. Cascade.' You will feel bright, brisk, confident and as though everything is working right and it is. "It absolutely removes constipation and prevents Auto-intoxication. "The 'J. B. L. Cascade' will show and explain the 'J. B. L. Cascade' to you, and will also give you free on request a most interesting booklet by Dr. C. A. Tyrell of New York, specialist on internal bathing. K. C. SECRETARY MULHALL TO SAIL

Francis X. Mulhall of 2341 Valley street is soon to sail for France, where he will be attached as a secretary to the overseas service of the Knights of Columbus. He will leave next Wednesday for New York on his way to the scene of his future duties. Mulhall has been identified with all the Liberty loan and war drive campaigns in this city and has been anxious for some time, he says, to enter the overseas service. His wife, Mrs. Augusta Mulhall, has been in the local Red Cross service for several months and has also taken part in the various war service drives. Mulhall has three stepsons in the service, all of whom volunteered. Herbert H. MacConnell is attached to Company B, 522d Engineers, in France, and has been at the battle front there since December, 1917. Andrew MacConnell is on the U. S. S. Wacouah at New London, Conn. He has been in the service for eighteen months. Sergeant Herbert W. MacConnell is a member of the United States army medical corps and is stationed at Camp Henry Knox, near Louisville, Ky. He has also seen eighteen months' service. All Knights of Columbus secretaries that are sent overseas are first given an intensive training course in New York for three weeks. Their special fitness is determined and they are then classified in a branch where it appears they will prove most useful.

FRIDAY, DECEMBER 6, 1918.

"FREEDOM OF THE SEAS."

Mr. Winston Churchill, British minister of munitions, and other British statesmen have emphatically stated it to be their view that England's naval supremacy will not be relinquished under the terms of a peace agreement. They are determined that no international conference shall impose any limits upon England's ability to maintain naval defenses.

These spokesmen of England assert, with the record to support them, that the freedom of the seas was never menaced in times of peace by strong naval defenses of any country. They, in agreement with all naval authorities, point out that in war conditions change, that the law of blockade transgresses the freedom of the seas for a blockaded enemy nation. So long and whenever there is international warfare the rule of blockade will be enforced.

The soundness of these main contentions cannot be questioned in law or logic, but there have been wide differences of opinion as to the legitimate limits to which the law of blockade might be applied. Before America entered the war President Wilson maintained that it should be enforced with a view to causing the minimum of hardship and inconvenience to neutrals. The belligerents held that it might be applied to provide the maximum protection to belligerents.

The apparent sharpness of conflict of these views is much mitigated, however, by the fact that interference with the freedom of neutrals was to a large extent justified by known violation of neutrality by the complaining neutral nations through furnishing the enemy with forbidden supplies.

Upon this point a definite agreement may be possible, one that will establish a limit beyond which belligerents shall not go. But aside from this phase the British view on "freedom of the seas" will likely be accepted by the United States and the other Allied nations. The right of a nation to provide adequate naval defense for its territories and citizens is so fundamental that statesmen will be chary of abridging it.

In this connection it is well to bear in mind that "freedom of the seas" has been subjected to much misuse and ill use. The phrase was brought forth by the German government early in the war and employed to create sympathy for Germany. The Prussian statesmen and military chiefs did not mean by it what the normal mind understands. They wanted freedom to seize sea-bound territory wherever it might serve their empire-spreading purposes and without regard to the rights of present occupants. They had in mind bases for surface and undersea boats, for supply and mobilization depots for the military in any ocean latitude they deemed of strategic military value.

The other kind of freedom, the privilege to go and come on any lawful mission, has always been the possession of the nations of the world since the United States broke up the regime of Tripoli piracy and stopped British interference with American ships by the war of 1812. This has been the established law of nations. There have been isolated violations, such as committed by the Chinese pirates in the Yangtze and West Rivers, but never any recognized interference with peaceful enterprise.

Utterance of the phrase "freedom of the seas" since the war started has always smacked of sympathy for the Teutonic Allies. It has occupied a prominent place in the propaganda of these belligerents. President Wilson had no such thought when, on January 8 last, he included it in his "fourteen terms" of peace; he was thinking of unjustified molestation of peaceful and innocent noncombatants. But its inclusion had the unfortunate effect of arousing suspicion among the Allied peoples. This will be explained away at the peace conference, we may be sure. In the meantime it would have been worth while, it seems, for the President to have explained that he had no idea of supporting the German view. In so doing he would have represented the sentiment of America.

A glance at the headlines of the newspapers these days will convince the reader that cessation of hostilities in Europe has been reflected by an increase in domestic troubles at home. Absconding husbands, man-shooting affidavits, love-sick

suicides, runaway girls and divorce trials herald the approach of peace. We may reflect with satisfaction upon the restraining influence of wartime patriotism upon the individual emotions.

ONE COMMISSION AGREEABLE.

It may not be indicative of the future program of all the commissions and bureaus of the State government, but it certainly is noteworthy that the water commission has in its second biennial report, just submitted to the governor, recommended that the salaries of two of its three commissioners be abolished. As the salaries of each commissioner is \$5000 a year, the board recommends a saving of \$10,000 annually in two items of office holding. Presumably there would also be a consequential saving in clerk hire, travel expenses and incidental costs.

Apparently the decision of the water commission to suggest retrenchment was reached before the Boynton economy commission was appointed. It is thus evident that the economy commission will in some cases find hearty cooperation from the permanent commissions in its purpose to reduce expenditures.

The water commission is an example of that governmental agency which has in large part performed the tasks for which it was created and which may suffer a decrease in its activities without loss to the people. The fact that it may be reorganized is not to be taken as indicating that there was not sufficient reason for its original establishment. Since its creation by the legislature in 1914 the commission has received 1050 applications to appropriate water. All but 353 of these have been disposed of. Among the applications granted most of the important problems of water administration have been adjusted. The working of the water rights law has become settled and much less work is entailed in protecting the rights of the people. Most of the necessary surveys and other field duties have been completed.

Therefore the public service will not suffer through reorganization of the commission with a view to eliminating some of its members and their salaries. This is the opinion of the commission itself after four years' experience.

THE ALLIES IN RUSSIA.

Friends of Germany plead with ingenious audacity for the recognition as the legal government of Russia of the murdering, destroying power of the Bolsheviks under Lenin and Trotsky. They urge the Allies to deal with these German agents and conclude "peace." Thus critics of the Allied military and political policy betray themselves as the confederates in the Pan-German scheme of the old, discredited Potsdam gang.

It must be remembered that while the government at Berlin has signed an armistice in which it is agreed that the demands of the Allied governments will be met, it is absolutely necessary that every precaution be taken to see that the conditions are fulfilled and that the terms of permanent peace which will be imposed on Germany will be promptly accepted. Russia, through the aid of the Bolshevik regime, is territory occupied by Germany. Lenin and Trotsky disbanded the military force of Russia and invited the German armed forces to enter the country and go where they pleased. The invitation was accepted.

The Russian people have been wronged, and the mere acquiescence of the Bolshevik authorities cannot right those wrongs. Germany must pay. That is one of the demands of the Allies. Germany must evacuate the invaded Russian provinces and make provision for the restoration of the damage inflicted. To see that this is done is a trust in keeping of the Allied nations for the benefit of the Russian people. German hirelings and other agents under the red banner of Lenin and Trotsky should not be permitted to interfere with the execution of this trust.

Among those pleading that the Allies abandon Russia will be found those who asserted that the Russians would be better off under German subjection and sovereignty. They desire that Germany control Russia. That was the aim of the Pan-Germans of Potsdam. Failing in that, they will be content with an alliance with Russia, the same kind of an "alliance" under which Austria-Hungary was the obedient lackey of the Hohenzollerns. But an alliance would be as dangerous to the peace of the world and the interest of the Russian people as German control under any other form. It is the duty of the Allies to prevent such a consummation of German intrigue. None of the fruits of victory should be left to the Hun.

Presently order will be established in Russia and the course of the Allies will be vindicated. The lawful government will be placed in full national power, the government of the Constituent Assembly, which overthrew czarism and was robbed of its triumph by German agents backed with German gold. Then the Russian people will understand the unselfishness of America's role. Russia will be our friend. It will in time become a strong, self-reliant, independent democracy, touching our frontiers in the North Pacific. This is a hope for which we may justifiably give much to see realized.

Kaiser Wilhelm's admission of acts committed by the government over which he formerly presided will not long hold the popular interest. His guilt in most of them has been established beyond all doubt. It is a case in which the confession of the criminal is not desired, on the ground that it might create a merciful prejudice.

NOTES and COMMENT

That was a neat compliment paid by the Temps in its reference to the President's visit—"He comes from a sense of duty, just as the American fighters came." It exemplifies the French ability to say the graceful thing.

We are particularly reminded that the war is not over by the not infrequent reports of the arrest of draft slackers, and of the punishment of other military delinquents. War is something that is not over till it is through.

The high cost of voting is exemplified in the fact that the expense of the recent election in San Francisco was \$159,000. There were 741 polling places, which, in round numbers, would make it \$214.50 a polling place.

Now that the ban has been removed, coffee drinkers do not have to Hooverize as to kumps. But no doubt some of them have become inured to hardships and find that they were getting along quite well under the restraint.

Governor Stephens' lead over Bell has been officially computed, and is found to have been 136,368. The margin thus appears to be perfectly safe.

What seems from the meager telegraphic accounts to have been an extraordinarily headless act was the refusal of the present Russian government to permit 1,500,000 Russian soldiers who had been held in Germany as prisoners to return to their homes. They were turned back at the frontier. It was a striking exhibition of a lack of fellow feeling for a cult that is to show the world the better way in government.

How this country is mothering others which were caught in the ruck without sufficient funds to get through creditably is illustrated in its latest credit to Greece of nearly twenty-four millions. This makes eight and a quarter billions that the United States has loaned to the allies. It is a great thing, in the first place, to have that much spare money in such an emergency, and a greater to have the disposition to let it out in this way.

It is a very satisfactory coincidence that the ship that carries from these shores the most important historic body that ever went from it on an international mission, and the only President to depart on a European trip during incumbency, is named the George Washington, which had been bestowed regularly and not for the occasion.

Considering the world experience with the Huns, and everything, it may be just as well to make sure of the conditions before we place our selves on the ground that the war may have a surplus of food to send the Germans.

A photograph of the Hindenburg physiognomy when the Citizens and Soldiers' Committee arrive to arrest him would be interesting. In other times, when things were going much better, it conspicuously lacked that cheer-up feature, the smile.

It was a picturesque talk that the one-time crown prince delivered to somebody who got it in print, but it does not cause universal regret that he is edging along toward his rightful place in the scheme of things.

SPIRIT OF THE STATE PRESS

With the full membership present, the San Diego Whiskers club, Barracuda Pete of the Waterfront presiding, held its regular December meeting in the city plaza yesterday afternoon. This resolution was passed: "Resolved, That it looks like a hard winter, the style in whiskers will be thicker and longer."—San Diego Union.

"As for my wounds, I have two from furred legs and my left arm is operated left leg seems to be hearing fine, but my right leg will take some time to cure—at least three months. Outside of that I am in fairly good shape." So writes Private Peter Touyrou, one of Stockton's representative American fighters after going over the top four times with the Twenty-third Infantry, Company M.—Stockton Record.

The patriotic demonstration of the people of Los Angeles reminded the editor of this paragraph of Appomattox Day, 1865. "The Germans were but a child at that time, but we recall that everybody in the little Ohio town where we lived got drunk, except the mayor, and he was put in the town jail as a punishment for his plain declaration of duty."—Los Angeles Times.

The political editor of the San Francisco Examiner, who fears that he is facing "a drinkless old age," should write to Texas for a few bales of the mysterious new beer seed which, when mixed with water, is said to afford a perfect substitute for the foamy lager.—Chicago Enterprise.

Chicago is threatened with a female city marshal. That city's lady trustee likes the name so well that she will gladly accept the title and declares she will carry a club and arrest any drunk that needs to be arrested.—Red Bull News.

Baseball has proved a real puzzle to French onlookers, but the value of the game is acknowledged, perhaps so much from the point of view of sport as of military training. French officers watching American troops at work consider that baseball has much to do with the facility with which they become adepts at grenade throwing.—San Bernardino Index.

The saving of thousands of dollars in salvaged cotton and the reduction in spinning-time is the result of the construction of the Stith Gin Company's plant here, which has been in operation since November 14. The day plant was declared, and which has since gained a thousand or more bales of cotton valued at close to \$150,000.—Holtville Tribune.

WEATHER REPORT

Forecast.
Oakland and vicinity, Northern California and the three valleys: Rain tonight and Saturday, gentle southerly winds.
Southern California: Unsettled, probably rain.
Nevada: Rain or snow; cooler extreme west portion, warmer north portion tonight.
Washington and Oregon: Rain west, rain or snow east portion; moderate southerly winds.
Conditions
Unsettled conditions obtain on the Pacific slope and rain has fallen in northern California and the western portions of Oregon, Washington and British Columbia. Accompanying the northeastern disturbance snow has fallen in the middle and north Atlantic states. Fair weather prevails in the central and southern portions of the country. The weather is cooler in extreme northwestern California, the Missouri, upper Mississippi and Red River valleys and is warmer in most other sections.
Conditions are favorable for rain in California, western Oregon and western Washington, with rain or snow in the remainder of the district.
T. FRANCIS DRAKE, Forecaster.

THE JESTER
Advice.
Sergeant Gaul (with much emotion)—Daring, something has been trembling on my lips for the last two nights.
"Coldly"—So I see. Why don't you shave it off?—Great Lakes Bulletin.
Natural Question.
"What kind of coal do you use?"
"Egg."
"Where can I get a dozen?"—Exchange.
In Danger.
"Is Charlie Sepp going to marry Miss Blake?"
"He is, if he doesn't look out."—Boston Transcript.
Crushing Retort.
Algy—When he called you a fool what did you say, dear boy?
Reggie—I told him that some chaps don't know enough to keep their opinions to themselves.—Boston Transcript.

TODAY 20 YEARS AGO

Congress approves an appropriation of \$133,000 for continuation of work of widening and deepening Oakland harbor; \$8750 for a quarantine station at Angel Island, and \$50,000 for Goat Island training school, buildings and wharf.
Police Officer Neiderman erects the oldest flagstaff in Oakland, taken from an old scow recently dismantled, which has been in the estuary since 1869, at his home in East Oakland.
Rumored that the Southern Pacific Company intends to put a flyer on the Los Angeles run, to be called probably "The Owl," which will reduce the running time by fourteen hours.

HEREDITY.

"Ever notice that Alice's hair is of several different shades?"
"Yes; it's due to heredity, I suppose. You know her father dealt in combination locks before she was born."—Boston Transcript.

LEMON JUICE WHITENS SKIN

Girls! Make beauty lotion at home for few cents

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, and you have a quart of the best bleaching and skin whitening lotion, and complexion beautifier, at very low cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage the sweetly fragrant lotion into the face, neck, arms and hands each day and see how tan, redness, sallowness, sunburn and windburn disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless.—Advertisement.

'No Work, No Play---Then Crime!' Boy Bandits Product of Events? Rev. Orr Points Out New Lesson

By EDNA B. KINARD.

Anthony Gomez, George Rodriguez and Joseph Cerelli, the three lads whose series of burglaries and the subsequent shooting on Sunday night of one of their young pals, Leo Young, has landed them in the city jail face to face with a serious prison sentence, admitting even their guilt, have something yet to be said on their behalf, according to Rev. James B. Orr, a prominent Congregational minister and a member of the recreation commission of Oakland.

"The big things in a boy's life are work and play," declares the divine, who is also a playground director. "These boys were actual workers. They were employed in the shipyards. They were regular attendants at the Lazear playground. But along comes a strike and halts their employment. Comes at the same time, the influenza epidemic and closes the playgrounds. Up to this time they had thought not committed no evil."

The gang of which these boys were the leaders went to Ed McDermitt and pleaded with him for use of the gymnasium near Fruitvale avenue, which, too, had been closed because of the influenza epidemic ordinance. They begged to be allowed to use the equipment of the Spartan Club. He was obliged to refuse. However, his daughter, Mrs. Margaret Holman, took them into her home and tried to make up some of the play.

"This is what the fellow they call 'Moon' said: 'There is no place open to us but the saloon now.' The gang, which included the boys, Francisco; Thomas B. Harrison, Los Angeles; Harry B. Jones, Pixley.

WOUNDED SLIGHTLY.
Corporal Warren D. Higgins, Santa Barbara; Corporal Rodney D. Murdock, Fresno; Cook Joe H. Hawkins, Long Beach; Cecil G. Thompson, Glendale; Clarence A. Los Angeles; Leslie L. Land, Valley Springs; Sherman Russell Alcorn, Los Angeles; Charles Demetre, Vallejo; Corporal Luther O. Eldridge, Los Angeles; William Maguire, Hilder; Paul E. Lorian, San Francisco; Robert D. Devan, San Francisco; Vearl Green, Santa Barbara; Carl W. Hansen, Los Angeles.

MISSING IN ACTION.
Joseph A. Larias, Los Banos; Albert W. Tittle, Grass Valley.

Prof. Reed to Speak at Piedmont Rally

Professor Thomas H. Reed of the University of California, will be the speaker of the evening at the next meeting of the West Piedmont Improvement Club next Monday evening at the Egbert W. Beach school, corner Lake and Linda avenue.

Miss Sara Kloss, assisted by Miss Grace Arlett and Miss Marion Boyden, will present the fantasy, "The Maker of Dreams." Mrs. F. E. Boyd will lead in community singing. The public is invited.

WORKING MEN TO BE ASKED TO BUY W.S.S.

All improvement clubs and civic organizations in Oakland and throughout Alameda county were asked to lend their immediate support to the War Savings Stamp campaign in a letter sent out today by David E. Perkins, county director of the campaign. The letter asks that they take steps at once to enlist their members in the sale of stamps and points out the fact that Alameda county is facing the appellation of "shaker" unless it can dispose of its quota of stamps for the year.

Simultaneously, the executive committee in charge of the drive called upon all industrial concerns in the Eastbay region to arrange meetings of their employees, at which speakers for the War Savings campaign could appear.

The speaking campaign through the industrial district will be a part of a county-wide campaign to be taken up by the county organization of Four-Minute speakers. Letroy R. Goodrich is acting as chairman of the speakers' bureau.

According to a report made to-day by J. J. Rosborough, Oakland postmaster, \$15,516 worth of war stamps were redeemed by purchasers at the Oakland postoffice during the month of November. During that time 557 purchasers brought them to the postoffice and then converted into cash, according to Postmaster Rosborough. The names of all persons who have redeemed their stamp holdings are

Much More Linen Still Is Needed to Fill Up Quota

Oakland's quota in the nationwide linen shower for France is 16,000 pieces, divided between hand and bath towels, sheets and handkerchiefs. Oakland's collection up to date has been 2500 pieces, according to Miss Frances Redman, who is directing the local campaign under the direction of the local chapter, American Red Cross. Other bay cities have gone over the top. Oakland's record will need to be boosted to meet its obligation. Linen need not be new but it should be in good and durable condition.

The linen shower headquarters are at 329 Thirteenth street. A telephone call to Lakeside 263 will summon the motor corps to collect gifts, however small.

being secured by the stamp campaign committee and they will be called upon to make new purchases.

60 LOCKERS OF SOLDIERS ARE LOOTED

SAN FRANCISCO, Dec. 6.—The soldiers' locker rooms at Barracks 29 at Fort Mason were the scene of a wholesale robbery at an early hour this morning when some one, probably in possession of a master key, looted sixty lockers and their contents of jewelry and money to an estimated value of \$1,000, according to a report made by Colonel William G. Pardee, commandant of the barracks, to the local police here today.

No trace or clue has been obtained, though one soldier, who was asleep and was awakened with the departure of three men who are suspected, claims his ability to identify one of the trio, according to Quartermaster Sergeant P. W. Hammond.

The probability of the job being an inside one is the theory of the local police department and Colonel Pardee. The suspected man is under surveillance, and it is believed he will lead the investigators to the others involved.

EVELYN NESBIT COMING TO AMERICAN IN NEW PLAY

EVELYN NESBIT and her son, RUSSELL THAW, who will commence a three-days' engagement at the American Sunday in "The Woman Who Gave."

Evelyn Nesbit and her son, Russell Thaw, will be presented at the American theater for three days commencing with the matinee Sunday in the powerful drama, "The Woman Who Gave," a story which treats in a unique way the problem of a famous beauty who is married by a titled foreigner merely for the enjoyment he finds in her charms. The play is full of strong dramatic moments, tense situations and exciting climaxes.

On the same program Tom Moore, the ever popular and magnetic Goldwyn star, will appear in his newest and greatest success, "Thirty a Week," an interesting and amusing story of a strong love, a stout heart and a thin bankroll.

A Pathé News Weekly will be an additional feature of the performance. The engagement of Harold Lockwood in "Pais First" and Peggy Hyland in "Marriages Are Made," will come to a close tomorrow night.—Advertisement.

Companies Fined For Pure Food Violations

Ruediger, Loesch & Zinkand, local bakers, were fined \$5 on each of four counts yesterday for violation of the pure food laws. Use of imitation maple syrup, had nit meats and cream below standard was charged by state inspectors in Judge Smith's court. The Pacific Coast Canning Company was fined \$200 in Judge Samuel's court for putting up for sale pie apricots composed of filthy material. More than 600 gallons of fruit were confiscated and destroyed by the state.

We Know Them

"Little brother and I know Mrs. Porter's Pudding, and we like them, too. They're awfully good."

If there are youngsters in your family, they, if they have tasted Mrs. Porter's Puddings, praise them, too. Not only youngsters, but everyone loves them—they're so good. They're not heavy, soggy and unpalatable as are most ready-made puddings; they're light, tasty, rich and pleasing—the same as the best home-made kind. If you have not made their acquaintance, by all means do so at once.

The fig and fruit styles sell at 20 and 35 cents—the Plum Pudding at 40 and 75 cents.

However, if you would enjoy a fill of them, you had better order a supply early, because Mrs. Porter can make only a limited quantity each season—never enough to go round.

To open can easily, cut off both ends, shove pudding through. Slice cold and steam for 10 or 15 minutes to warm through. Serve with a tasty sauce.

*Pancakes with a flavor that made people
serve them 120 million times last year!
What a flavor these cakes must have!*

AND they have it every time! For everything is already mixed in the Aunt Jemima flour—you just add water and pop them on the griddle. *Every time* they're perfect!

Flours especially ground — especially blended with the one idea of making perfect pancakes—that is what gives these cakes the flavor that has made the Aunt Jemima recipe famous.

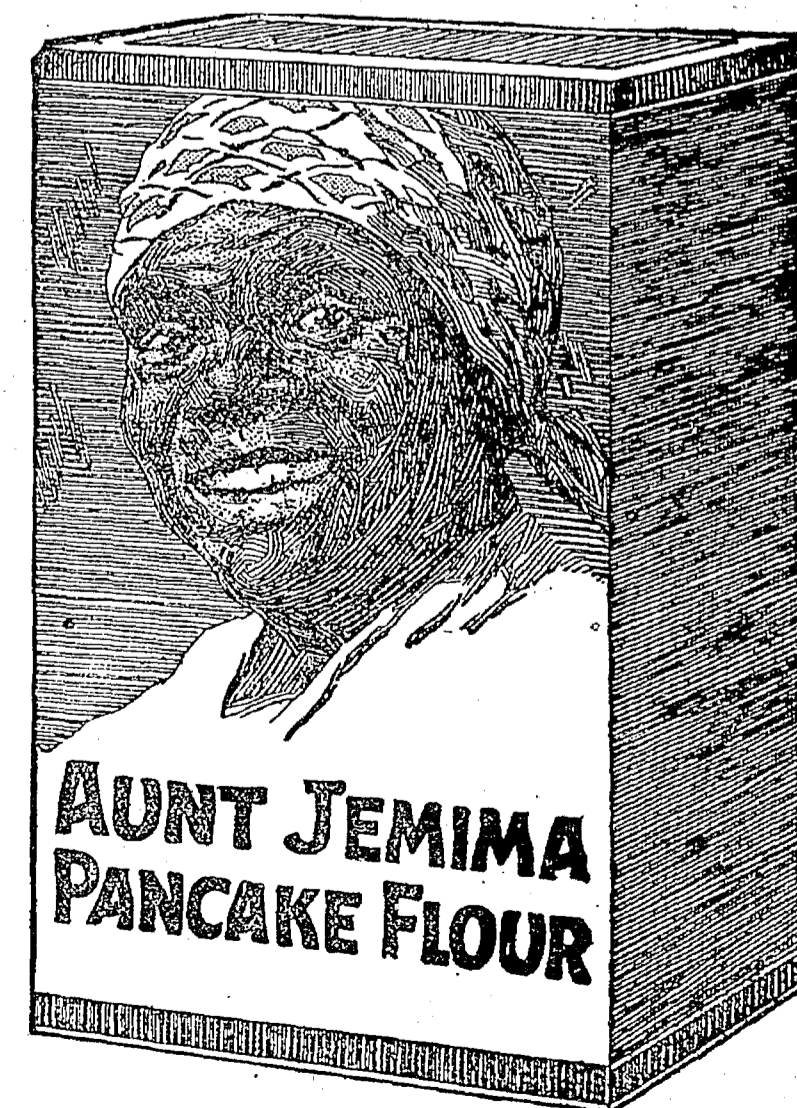

And you save the cost of milk.

The best pancakes are always made with milk. But when you use Aunt Jemima you are saved all the expense of adding milk yourself. The milk is already in the flour! That's why these

cakes have such a rich, delicious flavor! How tender, how brown and fragrant the hot cakes look! It's hard to believe they are not expensive. Yet you can give your family *three* Aunt Jemima breakfasts for the cost of *one* breakfast of meat or eggs!

Order a package of Aunt Jemima Pancake Flour today. It makes delightful muffins and waffles as well as pancakes!

And for variety get Aunt Jemima Buckwheat Flour, too—it's in the yellow package. Read on the top of either package how to get the funny Aunt Jemima Rag Dolls. Aunt Jemima Mills Co., St. Joseph, Missouri.

NIGHT-GLAD FOLK
FIGHT EARLY FIRE

Thirty-ninth street near Adeline took on a ghastly appearance this morning at 2:05 o'clock, when the fire department was called to the home of J. G. Garbutt, 978 Thirty-ninth street. Garbutt and his neighbors were running about the yard clad only in their "nighties," while one of the excited neighbors stood playing a common garden hose on the roof of the Garbutt home, which was blazing.

The damage, principally to the Garbutt home, will exceed \$1500.

TO DEDICATE HUT TO ENLISTED MEN

With music, addresses and great rejoicing the Red Cross Hut which has been erected at the Oakland Mole as a headquarters for hospitality, which will be extended to the enlisted men who pass through the city, will be formally received and dedicated on Sunday morning at 11 o'clock. The commodious and completely equipped structure which houses the canteen has been in the building for the past month. Its accommodations are elastic enough to serve breakfasts and suppers to as many soldiers or sailors who may enter the city at one time. Perry Burlingame, president of the Trades Council of Alameda county, has directed the erection of the unique hut on land which has been donated by the Southern Pacific Company for the period of a year with water and lighting concessions. A large part of the material

and labor has been the gift of union labor to the Red Cross. Joseph R. Knowland, chairman of the Oakland Chapter, Red Cross, will receive the building from the hands of Burlingame. Addresses will be made by Mayor John L. Davis, E. K. Taylor of Alameda and Mrs. Wallace Alexander, chairman of the canteen committee which has the work at the mole in charge. A trio of canteen workers, Mrs. Herbert Hamilton Brown, Mrs. Owen Little and Mrs. Herbert Lee, will contribute a group of patriotic songs to the program. A band will be in attendance during the exercises. Officials of the Pacific Division including A. B. C. Dohrmann, John L. Clymer and Charles G. Gebhardt, division director of canteen service, and officials of the Oakland and Alameda chapters have been invited to participate in the Sunday morning ceremony.

Returning wounded from overseas service, a party of fifty enlisted men were served with breakfast this morning at 7 o'clock by Mrs. Alexander and her assistants. The men were en route to Letterman Hospital. At 2 o'clock tomorrow afternoon an additional party of fifty wounded men will arrive at the Oakland mole and be received by the Oakland and Alameda women.

INTOXICATED?
SAYS OFFICER
RODE WITH HIM

James Murphy, business agent of the Boilermakers' Union, objects to being charged with driving a machine when intoxicated. If the arresting officer who picked him up in a downtown restaurant, was willing to have him drive to the police station. The case came up today in Judge Smith's police court, and was laid over for another day.

Murphy, who was represented by George Gelder, says Policeman Jim Garvin arrested him in a restaurant, took him in an auto, and made him drive to the police station, where he booked him on a charge of driving an auto while intoxicated.

BRITAIN DAY
CELEBRATION
TOMORROW

"Britain Day" will be celebrated in this city tomorrow along elaborate lines and local citizens are preparing to join enthusiastically in doing homage to this country's great ally. A program of interesting and history-making events will be arranged. The exercises will begin at 1 p. m. with a concert on the city hall plaza by Hanton's band, comprising shipyard workers. British national airs and other appropriate pieces will be rendered. Forty or fifty British soldiers and sailors will be in the line of march which will start from Eleventh and Clay streets at 2:15 p. m. Some of these sailors took part in the famous Jutland sea battle.

In addition to the returned British soldiers and sailors in uniform there will be a band; Boy Scouts and Sons of St. George, accompanied by a band; Naval Marine Scouts; and by their own band; Order of Scottish Chiefs, headed by bagpipers; Red Cross Motor Service Corps and workers; Anzac Patriotic Corps and members; Chamber of Commerce, War Service League.

The United States soldiers and sailors will be entertained by the people of Oakland.

POLICE SAY
THREE MAY
BE VICTIMS

A third alleged victim may be added to the financial operations of Charles M. Baker, former Berkeley merchant and member of the Chamber of Commerce of the college city, who dropped mysteriously from sight last month.

That Baker may also have victimized Mrs. Josephine Warren, formerly of the Hotel Teller, San Francisco, with whom he is accused of having eloped, was the belief of the police today.

Telegrams coming addressed to Baker from Toledo, Ohio, and signed by Mrs. Warren, lead to the belief that he may have sent the woman east promising to join her and then proceeded in an opposite direction. According to disclosures this week following a grand larceny charge filed against Baker by Mrs. Robinson, to whom he sold a half-interest in alleged encumbered stores, Baker and Mrs. Warren maintained a joint bank account in San Francisco.

Efforts to locate Mrs. Warren in Toledo, being made by the police, Mrs. Baker declares that her husband has gone to Honolulu and scouts the idea that he was in the

Motorman Not Losing Any Time

"I don't think anyone ever suffered more from stomach trouble and bloating than I have. I had to lay off my run more than half the time and could get no help from prescriptions or medicine. One of my friends advised using Mayr's Wonderful Remedy, which I found to be the greatest remedy ever put on the earth. In a few days since taking it. It is worth its weight in gold." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince, or money refunded. Osgood's Dept. Drug Stores and druggists everywhere.—Advertisement.
